Re: U.S.S.N. 10/641,031

Message:

614-

A response was facsimile filed October 22, 2004 responsive to the July 22, 2004 Official Action issued in the above-identified U.S. Patent application. The response which was timely facsimile filed on October 22, 2004 incorrectly identified the U.S. Serial Number for the above application. The Amendment Transmittal and the first page of the Response incorrectly noted the serial numbers as 10/641,031 (transposing two digits), when the correct Serial No. is 10/614,031. Transmitted herewith is a copy of the Auto-Reply Facsimile Transmission which verifies the Response was timely filed October 22, 2004 and therefore, applicants' request that the facsimile transmission of today be considered timely and no extension fees be incurred.

If an extension fee is necessary, please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 500417 and please credit any excess fees to such deposit account.
